## SUBJECT INDEX

### A

- abdominal  
  hydatidosis, complications of (Case Report) 496  
  pain  
    acute, caused by mycobacterial infection (Case Report) 558  
    computer assisted diagnosis of 699  
    torsion of greater omentum causing (Case Report) 824  
  surgery  
    cost-efficiency of incentive spirometry after 356  
    laparostomy in management of sepsis in (Surg. Technique) 888  
    trauma, management and outcome of 772  
abdominoplasty; location of umbilicus in (Surg. Technique) 42  
abstracts; Surgical Research Society (Surg. Research) 372, 955  
accessory diaphragm; contributing to respiratory insufficiency (Case Report) 576  
acetabular fracture with ipsilateral fracture of the femoral neck (Case Report) 828  
achalasia  
  laparoscopic management of dilatation resistant (Surg. Technique) 586  
  videothoracoscopic repair of oesophageal perforation after dilatation of (Case Report) 399  
acute pain service; development and structure of 8  
adenocarcinoma of the colon in hereditary non-polyposis colorectal cancer (Case Report) 494  
adenoma  
  colorectal, patient characteristics and pathology in 100  
  villous, laparoscopically assisted anterior resection for (Case Report) 146  
adenomatous  
  polyposis, and cholangiocarcinoma (Case Report) 324  
  polyps, removal by colonoscopic polypectomy 100  
adenosquamous carcinoma of the liver (Case Report) 319  
adhesions  
  causing small bowel obstruction 848  
  laparoscopic management of, in the small bowel (Surg. Technique) 39  
adnexal tumour of the testis (Case Report) 235  
adolescent breast asymmetry; liposuction and (Case Report) 983  
aerodigestive tract tumour; CT and ultrasound study of 468  
aetiology of adhesions causing small bowel obstruction 848  
agenesis of hemidiaphragm in adults (Case Report) 327  
air embolism; traumatic, following a chest stab wound (Case Report) 307  
allograft bone; storage, packaging and transportation of 124  
ampullary carcinoma 256  
anaesthesia  
  local, in inguinal hernia repair 266  
  and pain management following open cholecystectomy 756  
  and respiratory homeostasis during laparoscopic cholecystectomy 186  
  regional blood flow and lignocaine absorption in local 766  
anal abscess; fistulotomy for acute (Surg. Technique) 485  
analgesia  
  development and organization of patient controlled 8  
  perceived risks of postoperative 760  
anastomosis  
  techniques for surgical stapled (Comment) 651  
  uretero-colic, in management of urinary vaginal fistula (Surg. Technique) 217  
anatomical segments; resection in the liver 251  
anatomy; the surgeon as a teacher of (Pers. View) 513  
aneurysm  
  carotid artery, epistaxis following (Case Report) 906  
angioplasty; comparison of techniques for arteriosclerotic disease 864  
angular vein; relationship with thoracodorsal nerve (Surg. Anatomy) 396  
anorectal  
  disorders, inaccurate assessment of anorectal angle in 105  
  leiomyosarcoma 703  
antimicrobial disruption of wound healing (Surg. Research) 289  
aortic occlusion; rare cause of (Case Report) 65  
aortitis, radiation; causing gastric, hepatic and small bowel infarction (Case Report) 489  
aorto-iliac vascular disease; role of CT in 475  
appendicectomy  
  laparoscopic, a prospective analysis 840  
  removal of bulky tissue at laparoscopic (Surg. Technique) 221  
appendicitis  
  acute, mimicked by mycobacterial infection in an AIDS patient (Case Report) 558  
  computer assisted diagnosis of 699  
  misdiagnosis after tubal ligation (Case Report) 68  
appendix; separation of, complicating intussusception (Case Report) 913  
arteriosclerotic disease; intra-operative balloon angioplasty for 864  
arthritis  
  septic, of the hip in infancy 116  
  surgical management of 596  
arthroplasty; storage and transport of allograft bone for 124  
arthroscopy; use in lateral retinacular release for patella dislocation 200  
aspiration cytology in tuberculous mastitis 263  
atheromatous disease secondary to radiotherapy (Case Report) 499

- atrial
  - catheter, access for haemodialysis and plasma exchange 284
  - myxoma producing aortic occlusion (Case Report) 65
- Australasia; surgical training links with the United Kingdom (Editorial) 85
- Australia; preparing for the future (Pers. View) 165
- Australian Brain Tumour Register; profile of clinical practice for CNS tumours from 33
- axial torque of lumbar back muscles 205
- axillary node dissection; relationship of subscapular vein and thoracodorsal nerve in (Surg. Anatomy) 396

## B

- bacillus Calmette-Guérin
  - effect of fibrin-clot inhibiting drugs on (Surg. Research) 127
  - leading to epididymitis (Case Report) 70
- back muscles; torsion strength of 205
- bacteriology in acute primary anal abscess (Surg. Technique) 485
- balloon dilators; evaluation of, for extraperitoneal laparoscopy (Surg. Technique) 554
- basal cell carcinoma; Gorlin's syndrome (Case Report) 413
- Bennett's fracture; a review 120
- bile acids, secondary; as a risk factor in biliary tract carcinoma 109
- bile duct
  - calculi at laparoscopic cholecystectomy (Surg. Technique) 710
  - carcinoma, synchronous with carcinoma of the gall-bladder 690
  - common
    - foreign body in (Case Report) 571
    - obstruction due to metastatic melanoma (Case Report) 502
  - cysts in adults 853
  - exploration by laparoscopy 113
  - injury during laparoscopic cholecystectomy 682, 684
  - management of stones of 443
- biliary
  - injury at laparoscopic cholecystectomy (Editorial) 673
  - metaplasia (Case Report) 319
  - tract
    - carcinoma, bile acids as a risk factor in 109
    - extrahepatic, non-iatrogenic trauma of 190
    - tumours and familial adenomatous polyposis (Case Report) 324
- biopsy; the case against neck (Pers. View) 678
- bladder
  - cancer, effect of fibrin-inhibiting drugs on bacillus Calmette-Guérin efficacy in (Surg. Research) 127
  - paraganglioma of, with intestinal carcinoid (Case Report) 740
  - paralysis due to cauda equina compression 927
- bleeding
  - acute, management in gastric malignancy 462
  - and resuscitation following injury (Pers. View) 921
  - duodenal ulceration (Comment) 653

- blood flow and lignocaine absorption 766
- Blount's epiphyseal staples to control iliac venous haemorrhage (Case Report) 403
- bone bank; storage, packaging and transportation of bone 124
- Bone Tumour Registry, NSW; experience of malignant fibrous histiocytoma 346
- bony metastasis; regression of, in renal cell carcinoma (Case Report) 901
- bowel
  - infarction, following cardiopulmonary resuscitation (Case Report) 312
  - obstruction, non-operative treatment for 367
- brain tumours
  - epidemiology of and clinical practice in Australia 33
  - metastasis of, via ventriculoperitoneal shunt (Case Report) 409
- breast
  - asymmetry in adolescents, liposuction and (Case Report) 983
  - cancer
    - assay of hormone receptors in (Surg. Research) 637
    - diagnosis and management of 624
    - mammographic follow up of 551
    - PCNA immunostaining in 630
    - presentation in Western Australia 617
    - liposarcoma (Case Report) 658
    - tuberculosis, management of 263
    - tuberculosis and lymphoma of, in a patient with dermatomyositis (Case Report) 660
- bupivacaine; infiltration of, effect on pain and respiration 756
- bypass
  - graft, duplex scan surveillance of infra-inguinal (Comment) 80
  - obturator foramen, in the management of vascular grafts (Surg. Technique) 811

## C

- calcaneal pin traction in management of tibial fractures 279
- calcium antagonist; influence on vein graft intimal thickening (Surg. Research) 294
- calyceal diverticulum; haemorrhage and rupture of (Case Report) 229
- cancer
  - bladder, effect of fibrin-inhibiting drugs on bacillus Calmette-Guérin efficacy in (Surg. Research) 127
  - breast
    - assay of hormone receptors in (Surg. Research) 637
    - diagnosis and management of 624
    - mammographic follow up of 551
    - PCNA immunostaining in 630
    - presentation in Western Australia 617
  - carbon dioxide insufflation and laparoscopic cholecystectomy 186
  - carcino-embryonic antigen in ampullary carcinoma 256
  - carcinogenesis in hereditary non-polyposis colorectal cancer (Case Report) 494

- carcinoid  
 intestinal, paraganglioma of bladder with (Case Report) 740  
 syndrome secondary to a Meckel's diverticulum tumour (Case Report) 732
- carcinoma  
 adenosquamous, of the liver (Case Report) 319  
 basal cell, Gorlin's syndrome (Case Report) 413  
 biliary tract, bile acids as a risk factor in 109  
 gall-bladder, in patients with bile duct carcinoma 690  
 hepatic resection for hepatocellular 525  
 lung  
   craniotomy and thoracotomy for, with cerebral metastasis 341  
   resection of and coronary revascularization 336  
 metastatic, CT and ultrasound study in the neck 468  
 of the ampulla of Vater 256  
 pancreatic ductal, branch duct origin of (Case Report) 405  
 papillary, in a thyroglossal cyst (Case Report) 738  
 primary, and open neck biopsy (Pers. View) 678  
 renal cell  
   in crossed fused ectopia (Case Report) 662  
   management with vena-caval involvement 25  
   regression of bony metastases in (Case Report) 901  
 squamous cell, management in the oral cavity and oropharynx 266  
 surgical bypass of oesophageal 333  
 thyroglossal duct, a review of 614  
 thyroid  
   and Gardner's syndrome (Case Report) 505  
   role of frozen section histology in 275
- cardiopulmonary  
 bypass and resection of lung cancer 336  
 resuscitation resulting in intra-abdominal complications (Case Report) 312
- cardiothoracic surgery; method of teaching (Surg. Education) 719
- carotid  
 artery, epistaxis following aneurysm of (Case Report) 906
- carpo-metacarpal joint; surgical management of arthritis in 596
- catheter  
 access for haemodialysis and plasma exchange 284  
 evolution and development of urinary (Surg. History) 815  
 microwave sterilization of polyethylene 203  
 percutaneous insertion of venous 858
- cauda equina; discogenic compression of 927
- central nervous system tumours; epidemiology of and clinical practice in Australia 33
- cerebral  
 lymphoma, adjunctive systemic chemotherapy for 30  
 metastasis, craniotomy and thoracotomy for NCC lung with 341
- cerebrospinal rhinorrhoea, delayed (Comment) 418
- cervical  
 lymph nodes, CT and ultrasound study of metastatic 468  
 metastases and the case against open neck biopsy (Pers. View) 678
- spine, and epidural haematomas after trauma (Case Report) 985
- chemotherapy  
 and anastomotic resection of enterocolitis (Case Report) 74  
 for cerebral lymphoma 30
- childhood; ocular melanoma in (Case Report) 729
- cholangiocarcinoma and familial adenomatous polyposis (Case Report) 324
- cholangiography during laparoscopic cholecystectomy (Surg. Technique) 975
- cholecystectomy  
 circumstances surrounding the first (Surg. History) 56  
 clinical indicators for 181  
 laparoscopic  
   and management of choledocholithiasis 443  
   bile duct calculi at (Surg. Technique) 710  
   bile duct injury at 682, 684  
   biliary injury at (Editorial) 673  
   cholangiography during (Surg. Technique) 975  
   gallstone-related sinus formation following (Case Report) 150  
   morbidity in open and 952  
   postoperative fatigue after 946  
   relevance to choledocholithiasis (Surg. Technique) 710  
   removal of bulky tissue at (Surg. Technique) 221  
   respiratory homeostasis during 186  
   role of ERCP and endoscopic sphincterotomy in era of 3  
   pain management following open 756
- choledochal cyst  
 bile acids in, as a risk factor in biliary tract carcinoma 109  
 in adults 853
- choledocholithiasis  
 in identification and management of Mirizzi's syndrome 802  
 laparoscopic cholecystectomy and management of 443  
 relevance of laparoscopic cholecystectomy to (Surg. Technique) 710
- chondrosarcoma; management of (RA) 587, 590
- chylothorax; following radical neck dissection (Case Report) 77
- clinical indicators for cholecystectomy 181
- colonoscopic polypectomy for colorectal adenoma 100
- colonoscopy  
 for hyperplastic polyps 175  
 splenic trauma following (Case Report) 905
- colorectal cancer  
 detection of hepatic metastases from 530  
 hereditary non-polyposis (Case Report) 494  
 heredity and molecular genetics of (Review) 87  
 patient characteristics and pathology in 100
- colectomy, laparoscopic; and subsequent subcutaneous metastases (Case Report) 563
- complications  
 of laparoscopic resection of malignancy (Case Report) 563  
 of percutaneous endoscopic gastrostomy 545

- compression; discogenic, of the cauda equina 927  
 computer assisted diagnosis of the acute abdomen 699  
 computerized tomography  
   for diagnosis of delayed extradural haematoma 780  
   of metastatic carcinoma in the neck 468  
   role in aorto-iliac vascular disease 475  
 Cooper, Lilian Violet (Surg. History) 134  
 coronary revascularization and resection of lung cancer 336  
 cost-efficiency  
   of incentive spirometry after abdominal surgery 356  
   of treating necrotizing pancreatitis by necrosectomy 541  
 craniotomy for NCC lung with cerebral metastasis 341  
 Crohn's disease and strictureplasty in the small bowel 95  
 cryptorchidism; laparoscopic management of 451  
 cyst  
   of the bile duct in adults 853  
   papillary carcinoma in thyroglossal (Case Report) 738  
 cystogastrostomy for pancreatic pseudocysts 693
- D**
- defaecating proctography; assessment of anorectal angle in 105  
 defaecation; pelvic floor descent during 172  
 dentures as oesophageal foreign bodies (Case Report) 736  
 dermatomyositis; breast tuberculosis and lymphoma in a patient with (Case Report) 660  
 desmoplasia, intra-abdominal; in small round cell tumour (Case Report) 157  
 diagnosis of perforated peptic ulcer by pneumogastrogram 459  
 diagnostic errors in the multiply traumatized 935  
 diaphragmatic defects in adults (Case Report) 327  
 discogenic compression of the cauda equina 927  
 dislocation; lateral retinacular release for patella 200  
 diverticulosis; jejunal, review of 360  
 donation; living related hepatic (Pers. View) 835  
 drainage for primary anal abscess (Surg. Technique) 485  
 drapes, plastic adhesive; and wound infection after hip surgery 798  
 ductal origin of pancreatic ductal carcinoma (Case Report) 405  
 duodenal  
   bulb obstruction by gallstone (Case Report) 903  
   diverticulum resulting in a foreign body in the bile duct (Case Report) 571  
   duplication causing pancreatitis (Case Report) 224  
   ulceration, bleeding (Comment) 653  
 duplex ultrasound in surveillance of infra-inguinal grafts (Comment) 80  
 duplication cyst; juxta-pancreatic duodenal, causing pancreatitis (Case Report) 224

**E**

- ectopia; renal cell carcinoma in (Case Report) 662  
 ectopic pregnancy; misdiagnosis after tubal ligation (Case Report) 68  
 educational measurement in resits of FRACS examinations (Surg. Education) 723  
 electron microscopy, transmission; to detect thyroid oncocytes (Surg. Research) 642  
 embolism following a chest stab wound (Case Report) 307  
 emergency surgery for discogenic compression of the cauda equina 927  
 endocrine neoplasia; with hyperparathyroidism and parathyroiditis (Case Report) 981  
 endometrioma; laparoscopic removal of a pelvic (Case Report) 735  
 endoscopic  
   retrograde cholangiopancreatography and choledocholithiasis 443  
   role in era of laparoscopic cholecystectomy 3  
   retrograde choledochopancreatography and gallstone ileus (Case Report) 416  
   sphincterotomy and management of choledocholithiasis 443  
   gallstone ileus complicating (Case Report) 416  
   role in era of laparoscopic cholecystectomy 3  
 endoscopy in management of gastric bleeding 462  
 enterocolitis  
   neutropenic, treated by resection with anastomosis (Case Report) 74  
 epidemiology of pedestrian injuries 20  
 epididymis; haemangioma of, mimicking a testicular malignancy (Case Report) 235  
 epididymitis following bacillus Calmette-Guérin administration (Case Report) 70  
 epidural  
   abscess, intracranial (Case Report) 154  
   haematomas of the cervical spine after trauma (Case Report) 906  
 epiphyseal staples to control iliac venous haemorrhage (Case Report) 403  
 epiphysis injuries; open reduction for 195  
 epistaxis following carotid artery aneurysm (Case Report) 906  
 epithelial cyst of suprasellar region (Case Report) 490  
 experimental design; problems with (Editorial) 671  
 extradural haematoma; delayed traumatic 780  
 extraperitoneal laparoscopy; evaluation of (Surg. Technique) 554

**F**

- facial  
   fractures, sports-related 784  
   nerve involvement in parotidectomy 870  
 familial adenomatous polyposis and cholangiocarcinoma (Case Report) 324  
 regression of rectal polyps in a patient with (Case Report) 578  
 fatigue; postoperative, after laparoscopic surgery 946  
 Fellowship examinations; probability of passing resits in (Surg. Education) 723

- femoral  
 entrapment caused by intra-aortic balloon rupture (Case Report) 72  
 growth plate injuries, open reduction for 195  
 neck, ipsilateral fracture with acetabular fracture (Case Report) 828  
 triangle, treatment of groin mass in an obese patient (Case Report) 664  
 fibrin-clot inhibiting drugs and efficacy of bacillus Calmette-Guérin (Surg. Research) 127  
 fibromatosis in association with ovarian oedema (Case Report) 315  
 fistula  
 rectovaginal, unusual cause of (Case Report) 148  
 vaginal  
 management of unrepairable (Surg. Technique) 217  
 vaginography for (Surg. Technique) 894
